Ferris Launches Upgraded 300S 42" Zero Turn

MILWAUKEE, WI (October 2, 2026) – Ferris is expanding its [300S Series](#) zero turn mower lineup with the return of a 42" deck model, giving dealers and homeowners a compact premium residential option alongside the existing 48- and 52" deck models.

Built to exceed expectations for a premium residential zero turn mower, the new 42" deck 300S brings back a compact deck size, two powerful engine options, upgraded tires and an improved seat.

Engine options include a 23hp Briggs & Stratton® PXi Series engine with excellent dust and air, and particle filtration and a beefed-up cylinder block structure, or a 21.5hp Kawasaki FR651V. The model also features GrassMaster XT 20" tires engineered to enhance traction without damaging turf, plus an 18" premium cut-and-sew seat designed to improve operator comfort.

Suspension makes it feel like a Ferris

The new 300S comes with [Ferris' patented suspension](#), pivoting front axle and coil-over shocks. The system helps reduce the impact of uneven ground, improve the operator experience and keep the focus on getting work done.

"The 42" 300S provides another option for customers who want Ferris performance in a more compact zero turn mower," said Carissa Gingras, VP of Turf, Consumer and Service at Briggs & Stratton. "With upgraded components and patented Ferris suspension technology, this model delivers comfort, durability and productivity in an approachable package."

Industry leading warranty

All suspension-related components are covered by an industry-leading [10-year warranty](#). The engine has a 3-year limited warranty and the balance of the Ferris 300S has a 3-year consumer warranty and a 90-day commercial warranty.*

The 300S is currently available at select [Ferris dealers](#).

*See operator's manual for full warranty details.

About Briggs & Stratton

Briggs & Stratton, headquartered in Milwaukee, Wisconsin, provides innovative products and diverse power solutions to help people get work done.
